Digium and Cohesive Technologies partner together to benefit the entire India market

HUNTSVILLE, Ala., and Delhi, India May 22, 2015 — [Digium®, Inc.](#), the Asterisk® Company, and Cohesive Technologies PVT LTD today announced the distribution partnership between Digium, Inc and Cohesive Technologies PVT LTD for India. Cohesive Technologies will distribute Digium’s complete line of VoIP communications products, including Switchvox business phone systems, IP phones, VoIP Gateways, and Telephony Cards to the India market. Together Digium and Cohesive Technologies will expand Reseller/Integrator channels to supply the Asterisk market with Digium products and complementary solutions from Cohesive.

Cohesive Technologies is a Global Telecom Solution Provider on VoIP and IP Platform as well a leading Integrator and Solution Provider with the Best Innovative IP Solutions.

Cohesive brings converged IP Based Solutions integrated on 2N, Yeastar, Aculab, Epygi and Grandstream that empowers all verticals to become agile and adaptable in stringent Business environments. Their Rich Unified Communication Suite with Call Answering, Voice Messaging, Speech Capability, Video Conferencing and Presence with SIP Surveillance from one Converged Box makes them deliver end-to-end Unified Platform on small Foot Print with energy efficient and easy to manage Solutions. They are serving the world with new technology by Converging Voice, Video, Data and Mobility on one platform.

“It gives me proud to be associated with Digium. Digium is the creator, primary developer and sponsor of the Asterisk project; the world’s most widely used open source communications software. Combination of Digium and Cohesive will offer a unique opportunity to create a bigger impact on the ever growing VoIP market in India.” said Ashdhir Kinra CEO of Cohesive Technologies.

“I am extremely excited about this new partnership. Cohesive Technologies has the breath of product solutions and the company size to cover all the major VoIP markets in India. Their enthusiasm and passion for VoIP throughout their organization will create a big impact over the next months”. Said Greg Vance Distributor manager for APAC.

Founded in 2009, Cohesive Technologies is a leading distributor for VoIP and IP Products in APAC and EMEA Region with headquarters in INDIA. Cohesive Product Portfolio includes Surveillance, IP Phones, IPPBX,

SS7PRI, Analog & GSM Gateways, IP Access Control along with IP Paging. As a leader in VoIP solutions, Cohesive integrates and design solutions, which uses state of art technology and delivers the Value added solutions, based on customer insights and our promise of Convergence.

To achieve the customer delight and the right solution Cohesive Partners its technology with Aculab, 2N, Grand stream, Epygi, Digium and Ameyo to cater all verticals from a SOHO customer to a big enterprise or BPO.

About Digium

Digium®, Inc. provides Asterisk® software, telephony hardware, and on-premises and hosted Switchvox business phone systems that deliver enterprise-class Unified Communications (UC) and UC as a Service (UCaaS) solutions at an affordable price. Digium is the creator, primary developer and sponsor of the Asterisk project; the world's most widely used open source communications software. Asterisk turns an ordinary computer into a feature-rich communications server. A community of more than 80,000 developers and users worldwide uses Asterisk to create VoIP communication solutions in more than 170 countries. Since 1999, Digium has empowered developers to create innovative communications solutions based on open standards and open source software, providing an alternative to proprietary phone systems. Digium's business communications products are sold through a worldwide network of reseller partners. More information is available at <http://www.digium.com> and <http://www.asterisk.org>.
